

Community Workers' Forum

You are invited to attend a **FREE** community forum following the story of *David* as he goes through the appeals process for his housing and Centrelink problems.

Guest speakers from **Welfare Rights Centre, Uniting Communities Law Centre, South Australian Civil and Administrative Tribunal**, and the **Administrative Appeals Tribunal** will talk about their services and run a case study on how processes and appeals work within the **Residential Tenancies** and **Centrelink** systems.

There will be a networking table, so **please bring your brochures** to share with your colleagues.
